

## CANN Semi-annual Report

### Membership

Number of members before 8/1/2016

Graph of membership by month and/or any meta-data

#### New and ongoing initiatives

Women Grow - providing content for a Women's professional group

Networking events - fewer than anticipated - 8 completed (Boston, San Diego, Portland, Seattle, Los Angeles, Rhode Island) plans for future events include CO, PA, & CA

#### Highlight members

Dr. Mahmoud ElSohly - UMiss Cannabis grower and research professor, Presenter Donor

Jeff Raber - President at The Wercshop Analytical Lab, Presenter, Donor

Erika Oltermann - Founding member and Membership Chair

#### New and prospective donors

Heidolph

Restek

SC laboratories

X-Ray Pharm labs

#### Prospective

Shimadzu

Waters

Across International

Donation in excess of 10K to date and we should have ~\$2300 - 5800 Net depending on what donations have come in at this point.

This puts us ahead of schedule based on an original goal of 15K in sponsorships and the tendency for 30% of fundraising to occur between Thanksgiving and the new year.

Other news

We are planning a fundraising auction and social event for April in San Francisco. Any assistance or guidance would be greatly appreciated.

### **Programming**

Summary of recent meetings as appropriate

Update on progress for upcoming meeting

Update on progress for later meetings

Request for Support

We will ask for the amount that the CHAS allotment was increased as a result of CHAS membership increasing as a direct result of CANN. As of 8/1 that would be \$890.

We will ask in addition or as an alternative for volunteers for CANN EC positions and mentor positions. CANN is currently accepting nominations. We ask for a minimum of two nominations for EC membership and two for mentorship.
