

HOW TO BE A MORE EFFECTIVE CHEMICAL HYGIENE OFFICER

Presenters: Russ Phifer, Jim Kaufman

CHAS offers the How to be a more effective Chemical Hygiene Officer workshop to provide participants with a detailed analysis of the CHO position and to prepare for the "CHO" Certification exam. Participants receive a clear perspective on safety issues in the laboratory, focusing on what the CHO does and how to do it better. The workshop covers the content areas of the certification exam, including a sample test in the same format as the real one. Whether you are a new Chemical Hygiene Officer or an "old" one, you will find something to put to real use in this fast-paced presentation.

There is extensive opportunity for questions during the workshop and with follow-up by phone and email.
