THE 5 LOVE LANGUAGES

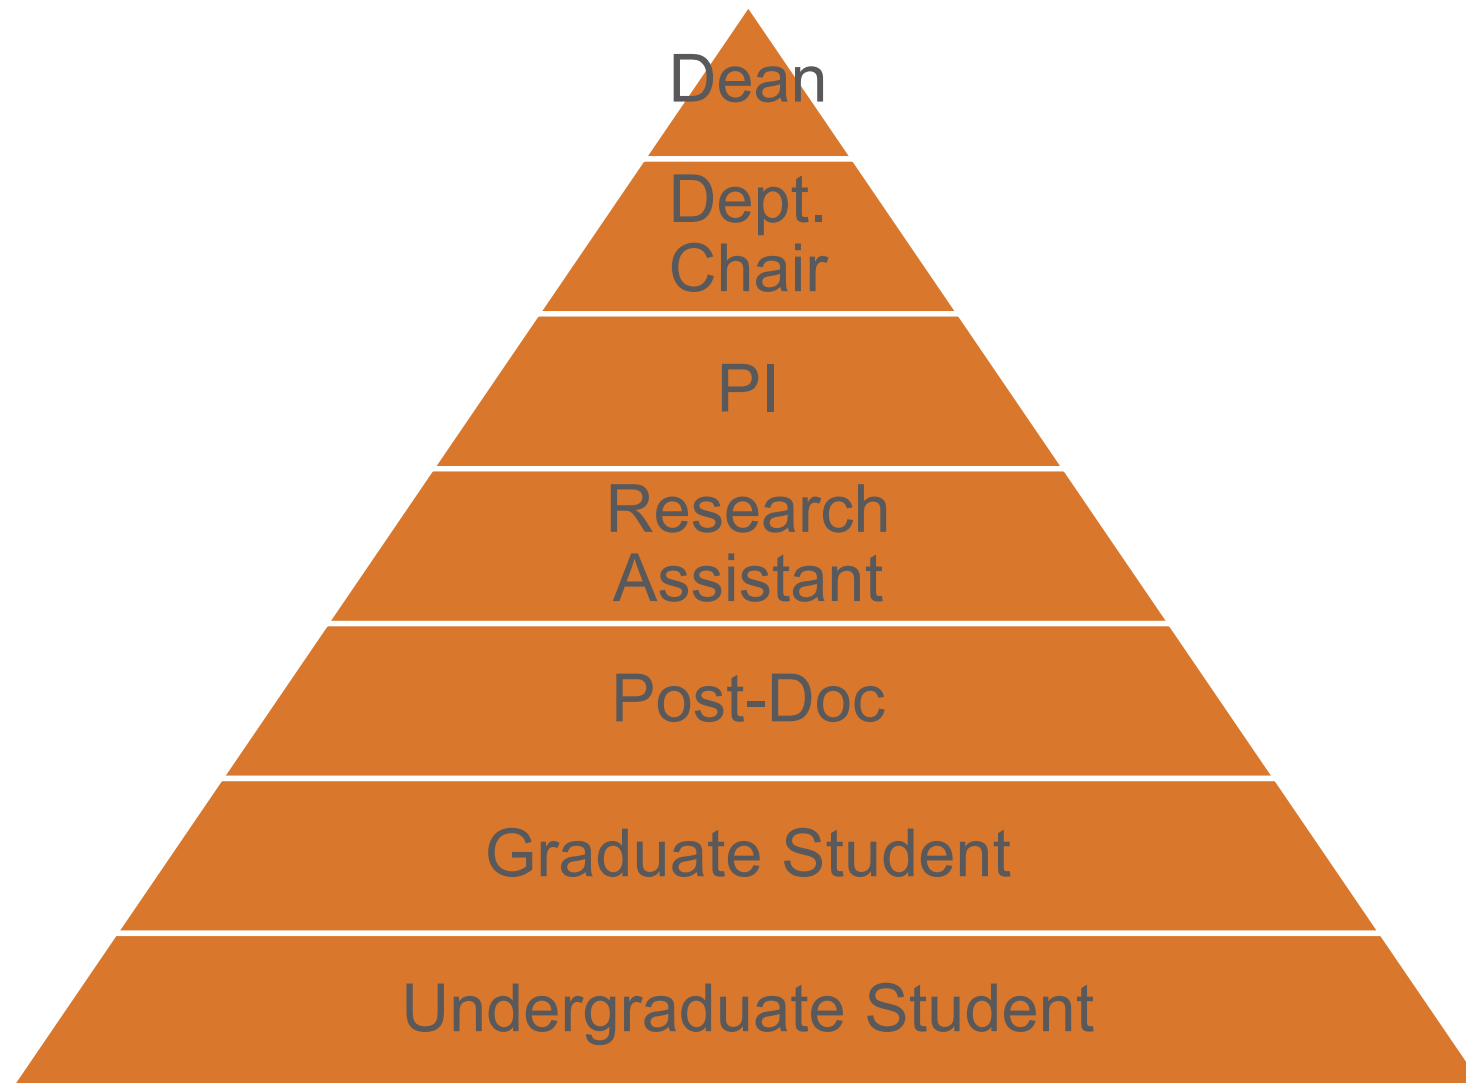

discover how to love your spouse

	what is it?	how to express?	after conflict?
Words of Affirmation	verbal compliments that express your love and appreciation	brag to others about your spouse, write love letters	speak words that build security and initiate a sincere apology
Acts of Service	any act that eases the burden of responsibility	wash the dishes, pamper your spouse, offer "let me do that for you."	make behavior changes requested through conflict
Quality Time	focused and undivided attention spent together	turn off electronics, go for a walk, plan date nights, start a hobby together	make eye contact, active listening with empathy, don't interrupt
Giving Gifts	tangible symbols that reflect your thoughtfulness and effort	make birthdays and anniversaries special, surprise them with their favorite treat	give a small token of your love and an apology note
Physical Touch	a non-sexual touch that reinforces your presence	long hugs, gentle caressing, kissing, massages, hand holding	hold each other without saying a word, cuddle together in the bed

*based on The 5 Love Languages, written by Dr. Gary Chapman

Who do you talk to?
And how do you talk
with them?

Who do you learn research from? And how do you learn research from them?

Who do you talk to?
And how do you talk
with them?

Academia has incredibly diverse
groups involved in the Research
Enterprise

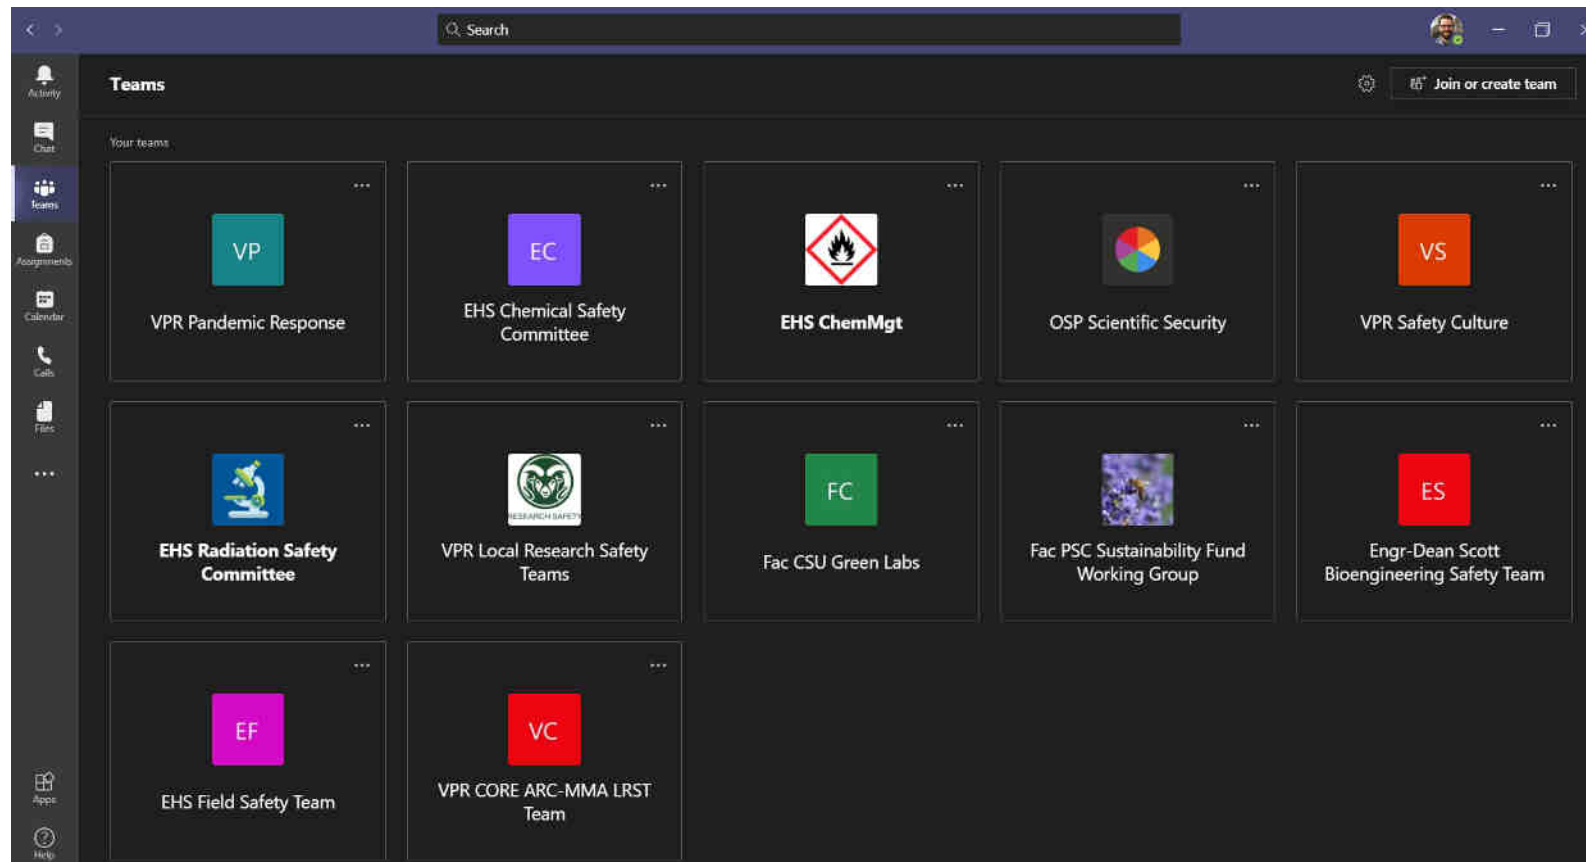

What is your Research Safety Culture?

The Message:

Get out and meet as many people as you can that are part of the research enterprise.

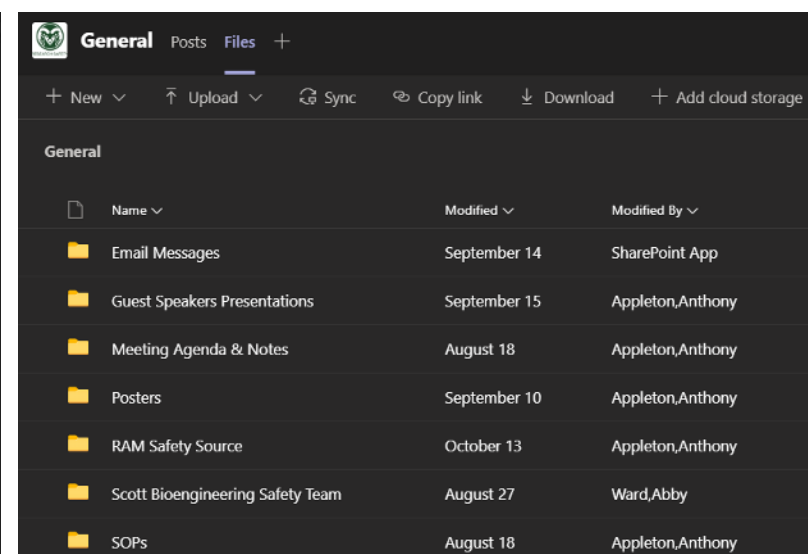

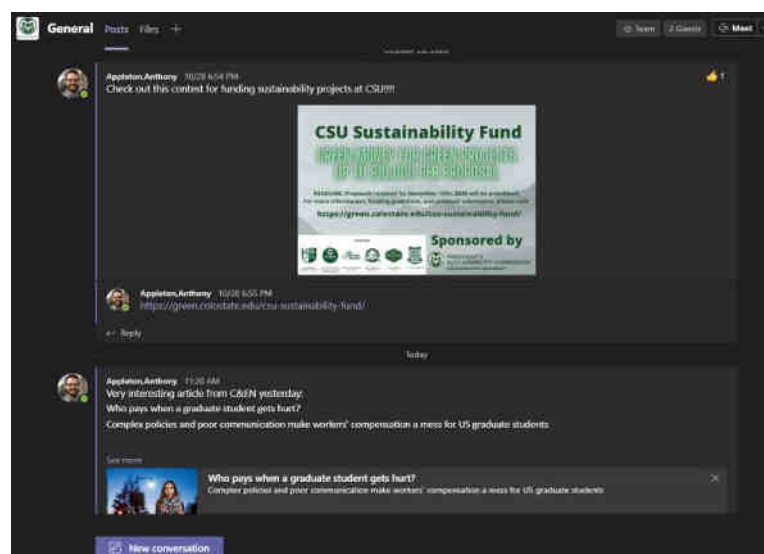

What Implementation Might Look Like:

LSTs and LRSTs

Local Research Safety Teams using MS Teams:

- Intersectional Safety Lessons
- Sustainable Safety Infrastructure
- Up-To-Date

Thank you
