

Empowering Academic Researchers to Strengthen Safety Culture

Sunday, March 16, 2025 | 2:00 PM - 5:30 PM EST

Target Audience:

This **virtual** workshop is primarily geared toward frontline researchers (**graduate students, postdoctoral scholars, and undergraduate students**) at academic institutions.

Workshop Goals:

- **Educate** participants about the value of risk assessment
- **Guide** participants towards gaining awareness of safety culture messages from leadership at their institutions
- **Empower** participants to expand their safety networks and develop laboratory safety teams
